

# 19" Rack Shelf Screws Specification

## General:

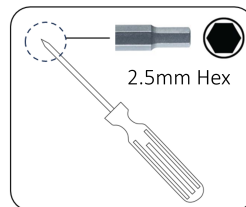

This document details the required screws to mount SoundGrid Servers on 19" rack shelves for the following models:

[Rack Shelf for Half-Rack SoundGrid Servers \(Gen X9 or Below\)](#)

[Rack Shelf for 2U Half-Rack SoundGrid Devices](#)

## Required Equipment

2.5 mm Hex driver

## Screw Specifications

1. Each SoundGrid Server is mounted on a Waves rack shelf, using 4 X screws.
2. Both rack shelf types require the same connection screw, as shown below:
